SAN FRANCISCO, June 77—Today saw the commencement of the second series between San Francisco and Los Angeles, and the former team marked the event by winning by a score of 4 to 1. The winners made all but one of their runs in the initial inning. Spencer was passed to first, Welltron bunted and Spencer took third on a poor throw. Wheeler's three-bagger scored Spencer and Waldron Nealon a two-bagger scored Irwin. Both sides scored in the fifth. Score:

Portland D. Or. June 27—Another superbigame was badly marred today by a number of close decisions. To one of these Capt. McCreells of the local team objected so strongly that Unpure Perrino ordered him off this grounds. The loss of McCreelle in right field later proved Fortland's undoing when in the lighth the bad fielding of that position enabled Taroma to score the winning run. The feature of the gapie was the pitching of Corbett, who struck out Truck Egan. Tacoma's shortlop, four times, but as a rule kept his hits well scatered. Score:

LONDON, June 27.-The Americans wor all their matches in the lawn tennis tournament in both championship singles and doubles at Wimbledon today Victory came easily, except in the con-Mavrogordato and Evans, which brought out the best form on both sides. Ward was still off in his service and did not place with his usual precision, but Wright played brilliantly, with the exception of the first set, and the match drew the bigthe first set, and the match drew the big-gest gallery of the day. The last two sets were prettier than is shown by the score. Three vantage games were played in the last set, and in the last game deuce was called seven times. Larned and Clothier, playing in perfect harmony, easily out-generaled the Swedish champions. Hillerup and larsen.

It is announced tonight that Miss R K Obugins, the English champion in singles, will defend the title. It had been feared that the injury to her ankle while playing in the south of France would prevent her taking part in the tournament.

YALE AT THE HEAD

Wins First Intercollegiate Championship Since 1898.

NEW HAVEN, June 27.-By defeating Harvard, 7 to 5, today Yale won its first intercollegiate championship since 1898, to the great delight of a commencement throng of 12,000 persons. The game gives Yale a clear claim to the title, the local collegians having beaten all her Eastern rivals, including Princeton, which Harvard defeated in their only game. The crowd

defeated in their only game. The crowd was one of the largest that ever attended a commencement game here, and the enthusiasm was intense.

Pleturesque as are these particular games on Yale field, none has ever been more so than that of today. Reunton classes were present in striking garb. The class of 1902 in Highland costume, was led by two pipers in McGregor plaids, who frequently danced Highland flings on the greensward. The Yale cheering section was on the west side, while a fair-sized Harvard contingent kept up the enthusiasm on the east side.

Indications in the first inning were that the game would be loosely played, but both teams soon settled down to excellent ball, and gave their pitchers good support. Score:

BARRY AT THE LAGOON.

Puts in His Second Day at His New Quarters.

Dave Barry put in his second day's pard work at his new training quarters at Lagoon vesterday and convinced fully two hundred and fifty followers of the puglistic art that he had more than an even chance with Mike Schreck in their battle which is booked to take place at the Salt Palace saucer track on the evening of July 3.

Do not make the mistake of picking Barry as a dead one, or a man who will simply prove a punching-bag for Schreck. And the dope does not look that way after And the dope does not look that way after yesterday's manifestation at Lagoon. Barry is a hardy, rangy, full-colored, confident and clever man; a dog for work, but with the saving quality of not overdoing the stunt. As he said himself yesterday, after going a few rounds with "Red" in a limbering up argument: "I'm no boxer. What I want is fight—spell it in large type. I feel like a king at present, and only wish that I had been located at these quarters when I received the wire at the coast clinching the match with Schreck. "According to the telegrams I got no.

"Now that I am located at Lagoon the public will have a chance to get a line on my work. No four-flushing for me. Never had better treatment in my life. Manager Bergman is a prince, and I can see where work is coming my way."

Barry worked out yesterday, and in his work-out showed that he had a wicked left hand, and if he can put it on the German husky, the latter's chances will be about 10 to 6.

ECZEMA ITCHES AND BURNS

The return of warm weather means a return of torture to Eczema sufferers. The blood is charged with burning acids and acrid matter which is forced to the surface through the pores and glands, forming pustules which discharge a sticky fluid, and the itching is intense.

The doctors said I had pustular Eczema; it would break out in small white
pustules, mostly on my face and hands,
discharging a sticky fluid; crusts would
form and drop off, leaving the skin red
and inflamed. I was tormented with
the itching and burning characteristic of the disease for five years, and
during the time used various medicated
soaps, continents and washes, but these
applications seemed to make mo worse.
After taking S. S. S. a short time I began to improve; the itching did not
worry me so much. I continued the
medicine, and soon all the ugly cruptions disappeared and myskin is now as
clear as anybody's. I have not been
troubled with any breaking out since.
Urbana, O. E. E. KELLY.

Sometimes the disease is in the dry form, and bran-like scales form on the skin, but the cause is the same-humors in the blood. Salves, cooling washes, powders and the like can do nothing more than relieve the itching, because they do not reach the acid-laden blood, the seat of the trouble. S. S. S. cures Eczema and all skin diseases by neutral-izing the acids and carrying them off through the proper channels. When S. S. S. has done this the symptoms pass away, the blood is cooled and the disease is
